Anti-brand. Incidentally cool.

NORA looks like it isn't trying to sell anything. The logo is an authentication mark, found inside the temple by the person who owns the pair. Restraint is the brand.

MADE IN	Sabae, Fukui, Japan. 100%. No offshore or hybrid production.
EDITION	333 per colorway per style. Hand-engraved and numbered, X/333.
PRICE	$1,111. One price.
STYLES	Blake, Sunny, Bella.
LENSES	Nylon (polyamide).
SOLD	Direct only, at ohitsnora.com. No wholesale.
FOR	Everyone. Unisex from launch.
COMPANY	Ohitsnora Corporation (Texas), doing business as NORA Eyewear.

POSITIONING MAP

NORA takes the quiet, cult corner.

Loud means the logo or hardware does the talking. Cult means scarcity, numbering and a following the brand does not chase.

JMM is the nearest neighbor, but its collaborations and storytelling pull it toward the center. Maison Margiela is quiet but sells broadly. Nobody else sits where NORA plans to: no exterior mark, a fixed number and one price.

POSITIONS ARE NORA'S JUDGMENT, NOT MEASURED DATA.

Near-silent. Facts, not adjectives.

WRITE LIKE THIS	NEVER LIKE THIS

IF A SENTENCE NEEDS ONE OF THESE WORDS, DELETE THE SENTENCE. THE ORIGINAL LOCKUP'S "LUXURY EYEWEAR" IS KEPT ON FILE ONLY.

Remove until it breaks. Then add one thing back.

DO · ONE MARK

THE CASE: A BLIND DEBOSS OF THE MONOGRAM. NOTHING ELSE.

DON'T · PATTERN THE LOGO

MONOGRAM PRINTS, ALL-OVER LOGOS, LOGO HARDWARE.

DO · ONE LINE

Sabae, Japan.

ONE FACT PER LAYOUT.

DON'T · EXPLAIN

Handcrafted with passion by master artisans using only the finest materials, each pair is a testament to our uncompromising commitment to quality and style.

ADJECTIVES, CLAIMS, PARAGRAPHS.

One accent. One line. One mark.

DO · ONE VIOLET MOMENT

Nº —/333

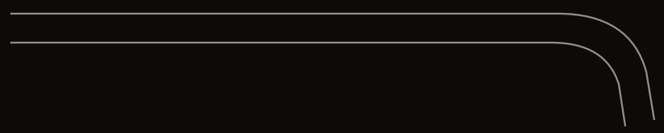

VIOLET IS A SPARK, NEVER A SURFACE.

DON'T · VIOLET TEXT OR VIOLET GROUNDS

Body copy in violet on black is hard to read. At 3.4:1 it fails the contrast test for text.

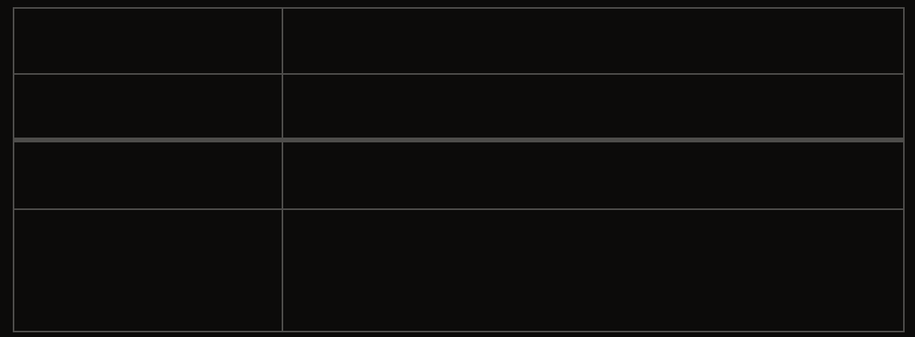

NEVER AS BODY TEXT, NEVER AS A BACKGROUND.

DO · BLANK EXTERIOR

THE OUTSIDE OF THE FRAME CARRIES NOTHING.

DON'T · MORE THAN ONE LINE

BOXES, DOUBLE RULES, DIVIDERS EVERYWHERE.

NORA

LUXURY EYEWEAR

THE MASTER LOCKUP, AS SUPPLIED

Frozen. Traced, not redrawn.

01 **Monogram**

High-contrast serif N with an interlaced A-form and a swash tail.

02 **Hairline rule**

A single fine line, slightly wider than the monogram. Gray on black in the source. Here: ink at 40% on screen, full strength in single-color use.

03 **Wordmark**

NORA in a high-contrast serif. Typeface not identified. OPEN: DESIGNER OR FONT NAME

04 **Descriptor**

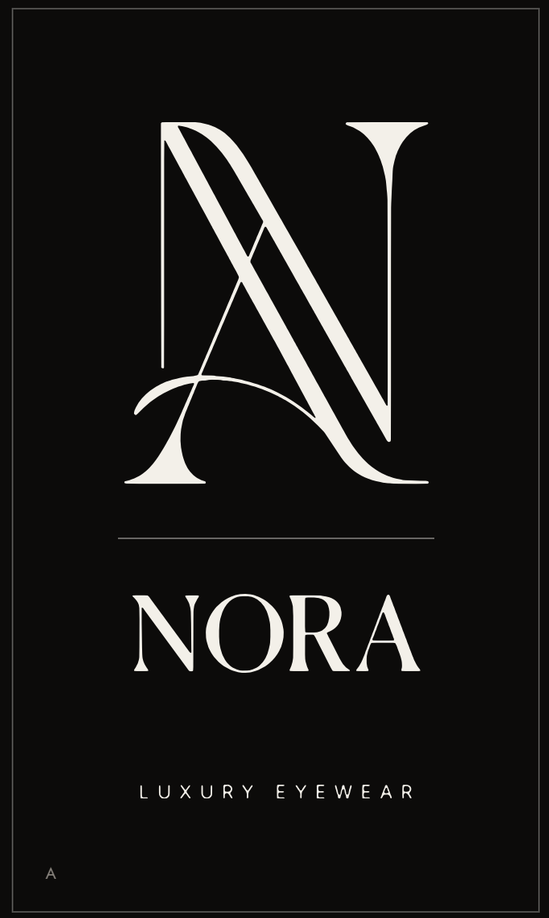

Tracked capitals. "LUXURY" breaks the voice rules.

VIOLET ON BLACK PASSES ONLY FOR LARGE DISPLAY TYPE AND ACCENTS. NEVER BODY TEXT. THE ROYAL VIOLETS WORK ON WHITE ONLY.

A pattern accent, not a color.

PROVISIONAL · REPLACE WITH NORA'S OWN ACETATE

SWATCH KEPT TO 5% OF THIS PAGE, FOLLOWING ITS OWN RULE.

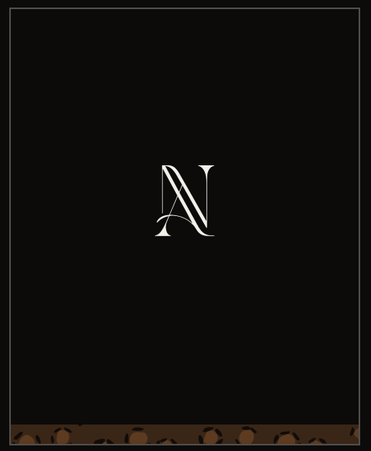

Original pattern, generated in code. Never stock leopard.

At most about 5% of any layout. Never a full background on core pages.

Tones drawn toward dark leopard acetate. A crop of the Sunny frame's own Mazzucchelli 016519 will replace it once photographed.

Proposed uses: the lens cloth, a lining edge, one small detail per layout. Nothing approved yet.

5% IN A 1080 × 1350 POST

A THIN STRIP AT THE FOOT OF A POST: 5% OF THE AREA. THIS IS THE CEILING, NOT THE TARGET.

Two typefaces. Both open license.

DON'T

ONLY 333 MADE!

GET YOURS BEFORE IT'S GONE

DO

Made in Sabae, Japan. Hand-engraved inside the temple. Numbered one to 333.

BODY: CORMORANT 400. ONE LABEL IN JOST.

DON'T

BODY COPY SET IN TRACKED CAPITALS IS HARD TO READ PAST ONE LINE, AND FOUR WEIGHTS ON ONE PAGE IS THREE TOO MANY.

RULES: TWO FACES, THREE WEIGHTS AT MOST PER LAYOUT. JOST STAYS SMALL. NO BOLD. NO EXCLAMATION POINTS. NEVER RETYPE THE WORDMARK IN EITHER FACE.

FONT LICENSES

What we can use, and what we don't know yet.

FONT	WHERE	LICENSE	COMMERCIAL USE	STATUS
Cormorant Garamond	Editorial type	SIL Open Font License 1.1	Yes: print, web, products, embedding. Cannot sell the font itself.	Cleared · copy in src/assets/fonts
Jost	Functional type, "SABAE · JAPAN" descriptor	SIL Open Font License 1.1	Yes: same terms.	Cleared · copy in src/assets/fonts
NORA wordmark face	The wordmark	OPEN: UNKNOWN	Unknown	Not identified from the source image. If the logo was made from a template or a design app, its font license may limit trademark or commercial use. Ask the designer.
Original descriptor face	"LUXURY EYEWEAR"	OPEN: UNKNOWN	Unknown	A light geometric sans. Matters only if option A or C is chosen.

BECAUSE THE LOGO IS TRACED TO OUTLINES, NO FONT FILE SHIPS WITH IT. THE LICENSE QUESTION IS ABOUT THE RIGHT TO HAVE USED THE FONT IN THE MARK, WHICH MATTERS FOR THE TRADEMARK FILING.

SAMPLE: CROP OF NORA'S AMBER MACRO, CONVERTED

PRIMARY · BLACK AND WHITE

The product as an object.

High contrast. True blacks. Let shadows fill in.

One light. Hard or soft, never a lit-from-everywhere studio.

Negative space. The frame takes up no more than a third of the image.

Surface stays real. No retouching of acetate grain, metal or engraving.

Converted in post. Shoot color RAW, convert to black and white. Keep a color master.

Macro is welcome in either treatment: acetate, metal, engraving, leather.

DIAGRAM: ONE WARM PRACTICAL SOURCE, THE REST FALLS TO BLACK

SECONDARY · LOW-KEY COLOR · SPARINGLY

People, in the dark.

One practical light in the scene: a lamp, a bar light, a window. Warm.

Darkness dominates. Most of the image falls to black.

Candid. Faces turned away, in profile or in silhouette. Nobody looks at the lens.

Nothing staged. If it looks lit for a shoot, reshoot.

Unisex. Cast and pose without gender cues. The same direction for everyone.

At most one in three campaign images uses color.

REFERENCE: REFS/MOOD/MOOD-01 (DIRECTION ONLY, NEVER PUBLISHED; NOT SUPPLIED YET)

NEVER

If it sells, it's wrong.

Smiling at the camera
Stock warmth. Anyone looking into the lens.

Studio-white e-commerce
Floating packshots on white, gloss and reflections.

Beaches, yachts, champagne
Lifestyle props that tell you what to feel.

Gendered poses
Hand-on-hip, chin-down glamour, power stances.

Other brands
No visible logos, posters or labels in frame. Check backgrounds.

Fake 3D and renders
No photoreal CGI of the product. Real or line drawing only.
